Owing to the Expressmen's strike one shipment of paper has not arrived from Regina in time for this issue. Therefore we have to use for this week some old ready-print, condensation size. A number of interesting news items are unavoidably held over for want of space.

Masonic Social

A very enjoyable evening was held in the Opera House on Friday evening of last week, when the Masons of the district, their wives and friends, long-awaited. The first part of the evening was spent on a mild form of gambling, phoney money being provided so that all who wished could speculate on the chances of the roulette wheel, and the other Monte Carlo games which had been kindly loaned by the Al. A. Temple Calgary. At eleven o'clock the floor was cleared and dancing was carried on till an early hour in the strains of Hotchkiss Orchestra. Mr. R. Harland conducted the duties of M.C. in a successful manner. Excellent supper was provided by the Masonic lady friends. A short musical programme was interspersed with the dances, and a trio by Bros. Richards, Lohmiller and Harland, with verses biting up the peculiarities of various local brethren, created much amusement. Everybody went home feeling that they had attended the best yet.

Local Notings

Sam Huckleby was robbed of \$65 in Calgary last week.

A successful concert was given here on Tuesday by Mr. Leslie Grossmith.

The Presbyterian Ladies Aid will hold a supper and Lawn Social at the home of Mrs. Auld on June 24th. Keep the date in mind.

The Ladies Aid of the Catholic Church will hold a sale on Saturday, June 14, at the King Edward sample rooms. Cooked food, sewing, etc.

Mrs. J. E. Wright and Thos. A. Skinner, dentists, intend visiting Strathmore each Saturday till further notice, commencing June 7. 46 u

Another veteran who arrived back lately is J. Shand, who was employed with the C.P.R. A. Hartell, son of Mr. F. J. Hartell, Cheadle, arrived home recently.

Fire destroyed the home of Mr. and Mrs. Fred Benz, south-west of town, on May 23. The barn and granary were saved, but the house and contents was a total loss.

Judgment has been given for Mrs. R. L. Fox in the case between her and Mr. Armstrong, which was held in Calgary last week. The question in dispute was the ownership of some horses and cattle.

The Restroom recently opened by the Strathmore Hardware is being largely taken advantage of, and is proving quite a boon to ladies coming to town, especially in the blustery weather we have been having lately.

Dr. McQueen, Dentist, paid a professional visit to Strathmore the end of last week. He will hereafter make regular visits to this town on the 4th Thursday of each month, remaining till the following Saturday. Office in the hotel parlor until a suitable office can be procured. 46 u

The 35th Battalion arrived in Calgary Sunday evening. As they passed through Strathmore on Sunday afternoon the crowd who were assembled on the ball ground in the park gave three hearty cheers, and the game was stopped while the heroes went by.

A Free Sewing Demonstration will be given in Martin and Evans Sts., Wednesday, Thursday, and Friday of this week, commencing each day at 3 p.m. The Demonstration is being given under the auspices of the Provincial Department of Agriculture and Strathmore Women's Institute, and everyone interested is invited to attend.

Our readers will regret to hear that Rev. J. P. Berry, Methodist minister here, is being transferred. He is transferring to Bankview Church, Calgary, and his successor here is Rev. Thomas Phipps, formerly of Taber. It is rather a peculiar coincidence that this is the second minister to go from Strathmore to Bankview. Rev. Mr. Rennie having gone there from Strathmore Presbyterian Church.

PEACE AND VICTORY

Relieve, whatever anguish and year you want.
That God has given to you the peaceful power.
To live in these great times, and bear your part.

In Freedom's crowning hour, let us see the light.
High in the heavens, their heroes to fight.
"I saw the towers of darkness put to flight."
I saw the morning break.

During the stress and sacrifice and agony of the more than four years that have passed since the fatal day of August 4, 1914, it has been easy to develop a feeling of thankfulness that we were living in these times, great though we knew they were and fraught with wonderful things for all mankind. Rather one was inclined to question as to why they and their generation were called upon to bear the sorrow and suffering of the greatest war in history.

But now, at this Christmas dinner, the first Christmas in the century for five years—the people of Canada can rejoice, yes, and give thanks that to them for the first time the priceless privileges of having lived in these great times and played a so momentous part in Freedom's fight.

Peace has come. But more than that, greater than that, it is peace with victory—triumph—victory in which civilization is founded, and we have reason to believe, lasting, permanent peace. Peace with victory would have been nothing indeed. Germany, too, has peace to-day, but it is as ashes in the mouth.

Canada rejoices in peace, not only because of the victory achieved by the armies and navies of the allies, but because of the triumph of Right over Might, because the principles of freedom, human liberty, principles on which civilization is founded, have been sustained and shall continue.

When over sixteen hundred years ago the angels sang the first Christmas song, the theme of their rejoicing was "peace on earth, good will to men." It has termed a "world war" to sing that great anthem for four years. But now we can sing that renewed spirit and a greater faith, because in the terrible struggle now happily concluded there has been no triumph, which Christ came to the earth to implant in the hearts of men.

But did that they might ever have been reaffirmed by the blood of countless heroes, and by the greatest sacrifices which the human race has ever been called upon to endure.

For the first time in centuries we can rejoice that in these great times the dear old Union Jack, the symbol of freedom and justice throughout the world, has replaced the flag of Turkish cruelty and oppression in the Holy Land, and the flag of the crescent over the crescent in the sacred city of Nazareth.

Let us realize the significance, for a great truth it is that this Christmas day of 1918 is the most momentous and memorable Christmas in the history of the world.

It is a Christmas in which the outlook for all mankind is brighter and happier than at any time in the long history of the past. Antiquity and oppression, which has for long reigned in many parts of the world, is

passing away. The principle of the rights of man, the brotherhood of man, the rights of the weak as well as the rights of the strong, shall have equal recognition and protection throughout the world.

To us has been awarded the glorious privilege, not only of living in these days, but of having a part in hastening its coming. It has come through great sorrow and much suffering and sacrifice, it has left many a home bereft of loved ones, but it has enriched those homes beyond the dreams of avarice in all things really worth while and lasting.

And now let us rejoice that to us has been given the priceless privilege and crowning glory of seeing the powers of darkness put to flight and the breaking of the bright new morning of a church and a better world. And in our rejoicing let us carry the sunshine of gladness into every home and into all the activities of the world today. Let us prove worthy of the victory which, under God, those who, dying gloriously, won for us.

HUNS DECEIVED

Expected Britain to Sue for Peace Which She Didn't Do

Captain von Winter, of the German navy, is credited with discovering a new and dreadful crime of which the English have been guilty. They have deceived the German, the traitor German.

Here is the way it happened, according to the Herr Captain. When the Germans started their U-boat campaign, the British expected them to sink all sorts of estimates to sinkings. The result was that they were disappointed. The sinking of 60,000 tons a month up to August 1917, then a few days in England to "reason," but it didn't.

England should have sued for peace long ago, but the British decided not to. The British decided not to.

The British have been guilty of many crimes, but none so heinous as that they should do penance, but of all their crimes none is so black as this. The British have been guilty of many crimes, but none so heinous as that they should do penance, but of all their crimes none is so black as this.

But, probably, John Bull is more to be pitied than blamed. It's all his fault with him not to know when he is misled—From the New York Commercial.

Assigned Difficult Task

Canadian Divisions Complete Work on Schedule From

With the Canadian in Germany—Canadian corps headquarters were established at Bonn on Dec. 11, one of the first signs of the end of the war. The Canadian first and second divisions are now taking up their positions as a part of the British army on the right bank of the Rhine and the men who have the end of their campaign, which has continued without interruption since the crossing of the Scheldt on Dec. 16, 1918.

They were assigned the most difficult task of all in the march through the Ardennes and Hainaut and the fact that it was completed on schedule time is highly creditable to their spirit, endurance and organization.

▲ **Pill That Is Friend**—There have been many pills put upon the market and pressed upon the public, but none so endorsed and long in use as those have attested their great value by their need no further.

At the evening meal Willie was discussing of his new pill with his mother, and "Willie" said his mother, in a reproaching tone. Willie gave immediately what his mother wanted, and, assuming an injured air, replied, "I won't give half as fast as I could!"

It is said that the night has a nerve running clear down to the end of his ball. The plumber must be that kind of a kid.

Some Remembrance

A party of young people were amusing themselves by guessing the names of famous people. One of them said, "why is a panicle like a year?"

"Because it rises in the year and sets behind the year," was the answer given by a brilliant young student.

Much Remains To Be Done

Jews Must Be in Palestine to Have Jewish State

London, Dec. 24.—Chaim Weizmann, president of the English Zionist Federation, speaking in a lecture to a meeting attended by 5,000 persons, said that the Jews must be in Palestine to have a Jewish state. There are only 500,000 Jews in the world, and there are 50,000,000 non-Jews. Land, he said, is not given to people who are not established in it.

It was pointed out by the speaker that the Jews-Slaves and the Czech-Slaves have lands in which portions of those races predominate and hold 10 instead of 2 per cent. of the land as in Palestine. Dr. Weizmann said that there would be three demands upon the peace conference, as follows:

1. Recognition of the claim of the Jews in Palestine as the future Jewish land.

2. Opportunities, to bring the Jews to Palestine, to be given by the peace conference, to be given by the peace conference, to be given by the peace conference.

Vast Crowd Watches Entry

Indian Cavalry Escort General Allenby into Aleppo

London, Dec. 24.—Official telegrams from Palestine state that General Allenby made a state entry into Aleppo, Dec. 10, with a large escort of Indian Cavalry. The streets were lined with the Fifth Cavalry division. A crowd of 10,000 watched the procession.

The mayor presented the keys of the city and bread and salt to General Allenby at the gate.

The general, at the governor's residence, gave an audience to the civil and religious chiefs of the Moslems, Christians, and Jews, and leading clergymen, also the administrative heads, and subsequently addressed the people gathered in the square amidst scenes of the greatest enthusiasm, which testified to the people's affection for their victorious liberators.

Italy Cannot Demolish

Dilemmas of Nation Have Increased With Kind of War

Rome, Dec. 24.—President Gronchi said the senate Italy was not in a position to demolish a single man, and that all war materials had been kept in Italy.

The immediate difficulties to be surmounted, he said, had not diminished, but had increased. He said that the proportion for damages was a question of time.

Mexican Wireless Was Under German Control

Had Twenty-five Stations in Communication With Outside as Well as Equipment

Washington, Dec. 24.—Twenty-five stations in Mexico were under German control during the war. Edward Wiley, vice-president of the Mexican Wireless Company of America, said that the Mexican merchant marine companies had been established in opposition to the bill proposing government monopoly of radio stations in the U. S.

Although the Mexican government claim title to all wireless stations, he said, "the apparatus is strictly private property and there have been no interferences in very one of the twenty odd stations. Moreover there have sprung up government-owned radio shops with German equipment and the whole system has been supervised by the German government."

German experts, who were employed at Sayville and Tucker and on the German radio ships were interned in this country at the beginning of the war.

Russia Appeal to Allies

Washington.—Representatives of all political groups in southern Russia, except Bolsheviks and Anarchists, have appealed to the American and all allied governments to send an expeditionary force into Southern Russia to combat the Soviets and prevent anarchy there. "We appeal to be masters of the associated nations at Jersey, Rumania, Dec. 24, with a request that it be referred to their governments. A report from the American minister was received today at the state department.

Must Outbuild All Nations

United States Will Have Greatest Navy of World

Washington.—Unless a league of nations or other tribunal that will make certain the limitation of international armament is established, the United States must build the greatest navy in the world, Secretary Daniels told the house naval committee.

"It is in my firm conviction," declared the secretary, "that if the conference at Versailles does not result in a general agreement to put an end to naval building on the part of all the nations, then the United States must build her and build her big ships, must give her more and give her money to the task of the creation of a fleet, the greatest navy in the world."

Want to Establish Republic

London.—It is understood that German residents of South West Africa have sent a petition to the British government asking for permission to establish a republic in union with a republic of Germany, according to Cape Town dispatches.

The petitioners are reported to claim that they not only constitute a majority of the white inhabitants, but interpret the views and wishes of a majority of the natives.

Success is Assured

Agreement Concerning the League of Nations Can Be Reached

New York.—The success of the peace conference in safeguarding civilization against another world war will be assured as the result of the preliminary conference the president is now holding in London.

There is no longer doubt that an agreement in all basic essentials concerning the league of nations can be reached by the democracy of the United States and Great Britain. The delicate question of freedom of the seas is beginning to take into the background as far as it concerns any requirement that either the British empire or the United States shall abandon its right to defend its possessions by the use of sea power.

The fundamental fact which British statesmen will stress before President Wilson is that Great Britain absolutely refuses to recognize the United States as a possible enemy, no matter what may be future developments in international relations.

The British navy will be maintained in the future at sufficient strength to protect Britain against any possible combination of enemies in Europe or the far east, but British naval power will not be taken into consideration any possibility of a conflict at sea with America.

While it is true that the United States desires to increase its navy for the purpose of having more warships in the world, there will be no competition against that program. An understanding between the two great democracies as to such a basis is inevitable. Great Britain being prepared to recognize America's right to build a fleet of ships which will be a match for the fleet of the United States.

Hard and soft notes both yield in the conference. The navy is entirely satisfactory in its action.

Anarchy Is One Obstacle

League of Nations Presents Many Difficulties

London.—Lord Robert Cecil, who is to deal at the peace congress with questions affecting a league of nations, is in an interview by a correspondent of the Observer, after affirming the necessity for carrying the matter through to the end, that the effect, deal with what he termed the difficulties connected with the details.

"The moment you try to devise the machinery of a league of nations," he said, "you are struck by the existence of complete anarchy in the world."

Equity and Co-Operation

What Two Words in the English Language Mean More?

What can be more purely equitable and cooperative than Ten Thousand or more Farmers joining together and agreeing among themselves that those who are so fortunate as to escape the destruction of their crops by hail would pay to those who lose their crops by hail their losses up to \$50.00 or more per acre.

What can savor more of graft than to have a few men agree to pay the losses and charge the highest possible rate for the risk and pay as little as possible when the loss occurs.

The first kind of protection can be secured to the extent of \$8 per acre through the Municipal Act if you are in an organized district.

As much additional insurance as you may want can be obtained by carrying it with the two Farmers Companies now doing business in the Province of Alberta.

Thirty three other companies doing business in the province have done all in their power to prevent the farmers from carrying their own Hail Insurance but it did not work.

The Peoples Market Limited, are acting as Agents for the two Farmers Companies. Ask their nearest representative how you can get your insurance by Co-operation and be sure of Equity in the cost and adjustments of losses.

Nightingale

A meeting of the Nightingale U.F.A. was held on 22nd May. Among the business done was the ordering of a carload of twine through Mr. Jack Walks.

Four delegates were appointed to the Bow Valley District Convention to be held June 3rd and 4th for the purpose of organizing for political action. The delegates were Messrs. P. H. Wadley, J. A. McKinnon, J. S. Walker, and E. M. Stoodley.

U.F.A. Sunday will be observed at Strathmore June 15th. Another meeting of the Nightingale U.F.A. was held on 31st inst., and a report of it will be published in next issue.

Carlsland Notes

Carlsland was rather out of form at the ball game on Sunday and Chickie licked them by a large majority.

Crops throughout this district are in good, and a good rain on Thursday helped to brighten the prospects still further.

A very bill, which has been giving considerable trouble this spring, is now in satisfactory shape.

Mr. Lockhart had an accident last week to his car while across the river, breaking the universal joint.

A change took place in the trustees here on June 1st, the Imperial Limited, which serves this point, going through somewhat earlier than before.

A meeting of Carlsland U.F.A. was held on Saturday, at which delegates were elected to the Calgary political convention as follows: H. A. Anderson, H. H. Laidlaw, W. Bequest, J. Nelson.

Mrs. Lord is visiting relatives on the Reserve.

Mike Brown arose at 5.30 yesterday morning. Something is wrong, surely.

H. C. Grant, of the Dominion Livestock Branch was a visitor here last week. He was here in the interest of the Co-operative Egg and Poultry Marketing Society.

A meeting of the local U.F.A. will likely be held in the near future, when one of the Government Poultry Officers will speak.

Namaka Notes

The side of work and Darnes held on May 23rd in aid of the Red Cross Fund, proved a great success, the net amount amounting to \$1022.50. The service in the afternoon, during which songs were rendered by Mrs. E. Brown and Mr. Wadley. Pledges for the Red Cross were taken by Mr. McDonald of Calgary. The Nightingale U.F.A. will attend a picnic on the 14th of this month down at the Bow River south of Strathmore.

Mr. R. H. Lawrie spent a few days at Claiborne as the guest of Mr. and Mrs. G. C. Carr.

Mr. H. Shindler and R. H. Lawrie returned to Calgary last Saturday.

U.F.A. MEETING

A combined meeting of the U.F.A. and the Nightingale U.F.A. was held in the school house, Namaka, on Saturday afternoon, to consider what action should be taken with reference to the Political Convention to be held in Calgary on June 3rd and 4th.

There was a good representation of both unions and it was decided to send the following representation: Messrs. P. H. Wadley and J. P. Lawrie, and Messrs. Wheeler, Wadley, and Wadley.

Quite a few new members have joined up and with their help it is expected that the Nightingale U.F.A. will be in the good of the community.

A movement is now on foot to provide accommodation for meetings, and the numbers are looking forward to the day when a Community Hall, Claiborne and all the necessary accommodation will be provided for an entire community centre.

The Banquet provided by the U.F.A. is being looked forward to with great interest. The committee has prepared a lengthy program of toasts and music which it is expected that each individual will turn on his or her best foot of courtesy.

There are still a few farmers in this district who cannot see any advantage in joining the Union. They are only the small side of the organization, the advantages would be worth the price of the entrance fee, but it should be remembered that each individual has a duty to perform to the Community and will have no difficulty in finding work for his hands to do, if he

were to enable a little of the community spirit.

It is to be hoped that every eligible individual will come in on the same movement, and give the community the benefit of their wisdom and experience in trying to improve conditions.

The frost on Friday evening and Sunday evening was severe enough to nip the weeds, corn and trees.

A NON-PARTIZAN VIEW

Box 51, Strathmore, Alta.

May 26th, 1919

Mr. Editor,

Yesterday afternoon Mr. Mercer called on me to enlist my services in developing a scheme. I don't like to do so to prevent the misgivings of the "Farmers Independent Political Association". The scheme was proposed by the district committee of the East and West Calgary Electoral division. It was his duty, he informed me, to elect and elect captains, subordinate to himself, in the township allotted to him by the executives of the organization. The captain in turn was to find individuals to be subordinated under his charge and thus—

in short order and with great precision—the whole riding was to be canvassed and report turned in to the executives. THE MAIN OBJECT, according to Mr. Mercer, was "to get each farmer to pay five dollars as a 'contribution'". This money is to be accepted for in the following manner, viz., two dollars were to be put in as membership fees to the U.F.A. To farmers in good standing an official receipt—two green papered checks were to be issued—for next years dues would be given while the others would pay up for the present term. For the remaining three dollars, two years' subscription to the Grain Growers Guide would be given and—

may special attention to this—the money so collected would be given to promote the Farmers—

Independent of the farmers) Political Association. To which he

kindly remarked the Grain Growers Grain Co., would give \$100.00 (with strings) to each

section. "Not on your tin type, Mr. Mercer," said I. I don't want any former political associations. I am a "Non-Partizan" and that includes

every man or woman who has the franchise, and wants a new system of politics based on the impossible rule of the majority of government. "Then, said my visitor, you are a knacker of our scheme?" No Sir, I am a

"Knacker"—for I am on the inside I am an antagonist out and all will fight a tooth and nail. The Grain Guide is no different from other papers, it costs money to buy the paper, money to pay the brains and hands that run it, money for its prize and premium schemes, and money for postage, rent, etc., etc.

It cannot be run on thin air and come paying for these political campaigns, which are not gifts at all but "GRAFT".

As in previous political parties I allowed ourselves to be manipulated when we let, corruption hands do the work that it is our duty and privilege as free Canadian citizens to perform, and so if we lie down and let the domestic home profligate, pay our bills, we have none but ourselves to blame if we get the treatment the huns gave their war prisoners at "Rohrbach". With the money of my Vimy before my eyes, I was not to be taken in by such a lie, I would be as false to that memory as I would be to my country.

Cracy, if I should trade off my birthright for a subscription to the Grain Growers' Guide, I would be up and stand by your guns and don't let the profligate furnish you with a Rose and paper sold shoes.

Our delegates to Calgary are pledged to stand by the "Non-Partizan" league. In that organization we accept no gifts from home profligate. We pay our way, and in the past so in the future every cent will be accounted for in a manner that drew forth praise from Calgary's best accountants.

Our leaders we select ourselves from among who have served us best and our president, J. C. Buckley, of Glenora, stands as an evidence of what I say. And yet even our leaders are subject to recall not so much because we fear their integrity in the least, but as a warning to all "home profligate" to keep hands off, because the moment any bribery is attempted, we will remove them utterly they lose all money value since they cannot deliver the goods to him that knows to do good and doeth it not to him it is sin. Watch for the wolf in the pelt of the lamb, whether it takes to "G. G. Guide you into the profligate's slaughter pen".
